PAVAN KUMAR RAVULA

✉ **Email:** pavanravula1919@gmail.com | 📞 **Phone:** +91 9182835938
📍 **Location:** Mogalthur, Andhra Pradesh

Professional Summary

Results-driven **React Developer** skilled in building high-performance, responsive, and user-focused web applications. Proficient in **React.js**, **JavaScript (ES6+)**, **HTML**, and **CSS**, with a solid understanding of **component-based architecture** and **state management** using **React Hooks**. Passionate about crafting clean UI designs and writing maintainable, efficient code that enhances user experiences and meets business goals.

Technical Skills

Frontend Technologies: React.js, JavaScript (ES6+), HTML5, CSS3, Bootstrap
Tools & Libraries: React Hooks, React Router, Git, Visual Studio Code
Backend Basics: Node.js (Basics), RESTful APIs
Version Control: Git & GitHub
Core Strengths: Responsive Design, Debugging, Cross-Browser Compatibility, Problem Solving

---

Project Experience

Swiggy Clone Application *(React.js, JavaScript, Bootstrap, REST API)*

- Designed and developed a **Swiggy-like food delivery web app** using React.js to simulate real-world restaurant listings and order flows.

- Built **reusable React components** such as Navbar, Cart, and Menu Items for scalable front-end architecture.

- Implemented **React Hooks (useState, useEffect)** for efficient state management and lifecycle operations.

- Integrated **RESTful APIs** for fetching live restaurant data dynamically, ensuring seamless data updates.

Personal Portfolio Website

- **Tech Stack:** React.js, HTML5, CSS3, Bootstrap

- Developed a **personal portfolio website** to showcase projects, skills, and certifications using **React.js** and responsive web design techniques.

- Implemented clean navigation with **React Router**, ensuring smooth transitions between pages such as *About*, *Projects*, and *Contact*.

- Focused on **mobile-first design**, improving accessibility and performance across all screen sizes.

Certifications

React.js for Beginners — Simplilearn

- Completed a foundational certification program covering React.js fundamentals, component-based architecture, state & props, and React Hooks.

Education

- **Bachelor of Technology (B.Tech)** — Swarnandhra Institute of Engineering and Technology
  2021 – 2025 | Aggregate: 7.75 CGPA
- **Intermediate** — Sri Surya Junior College
  2019 – 2021 | 88.01 %
- **Secondary School Certificate (SSC)** — Z.P.H. School
  2018 – 2019 | 9.0 CGPA

Additional Information

- **Languages:** English, Telugu
- **Soft Skills:** Analytical Thinking, Team Collaboration, Creativity, Open to Learning
